### Six Seniors Launch Graduate '-ships'

Announcements of awards to six seniors for graduate school swells the number of 16 who have accepted a total of \$35,570 in scholarships, fellowships, and assistantships.

Six home economics majors have received dietetic internship appointments for 1963-64.

Mary Freiburger, Dubuque dramatist and president of Young Republicans, has accepted a \$1100 quartertime assistantship in speech and theatre arts at the University of Minnesota. With the completion of one year and a summer session, one will become an active member Mary will have earned an M.A.

List English Awards

Ill., English major, has received a \$1000 reading assistantship in affiliate of the American Heart two semesters. Mary Lou will braska and a waiver of tuition for Association, has an established pol- spend approximately 12 hours a week reading and evaluating which has as its aim investigation undergraduate papers in English.

Judith Heitzmann, Chicago, Ill., English major, will continue in comparative literature at the University of Chicago on a \$1410 tuition-free University Fellowship.

**Chemists Take Prizes** 

Margaret O'Brien, chemistry major from Midlothian, Ill., has received \$2570 from the University of Illinois College of Medicine in Chicago. Margaret will be a trainee in biochemistry.

Milly Lo, chemistry major from Hong Kong, will attend Clark University on a \$1800 assistantship in biochemistry. Her award includes a waiver of tuition and fees and allows her to carry on research

Editor Gets Columbia Grant

Ellen Clark, Courier co-editor from McHenry, Ill., has been awarded a \$500 scholarship to the Columbia Graduate School of Journalism for one school year. Dieticians Take Posts

Home economists who anticipate dietetics internship posts include Mary Celeste Coyle who will go to Eastman Kodak Company's Freiburger, Mary Lou Senicka, hospital in Rochester, N.Y.

### Mary Lou Hermes, Rock Falls, Kuprin Caller English at the University of Nebraska and a waives of twitien for For Arena Play

A Call on Kuprin, this year's Clarke arena production, opens on campus May 10 at 8 p.m. Performances will also be given on May 12 and 13 at 8 p.m., and on May 11 at 2 p.m.

Written by Jerome Lawrence and Robert E. Lee from the novel by Maurice Edelman, the play is a suspense melodrama set in modern Russia. An American tourist in Russia, Jonathan Smith, played by Anzo Manoni, calls on Kuprin, portrayed by Charles Geroux. Both men had once been at the same university in the United States, but Kuprin was blackmailed into returning to Russia.

With the backing of the American embassy, the tourist offers Kuprin, who is now a Soviet space engineer, a chance to escape to America.

Director for the arena play is Mary Jeremy, BVM, is producer. for the summer. Junior Maureen Murphy is assistant director. Charles Geroux is in charge of set design and lighting.

Cast members include Rose Maury, Maurine Mackin, Mary Jane Pederson, Jeanne Florian. elbery.

#### Summer Schools **Seek Scientists**

Grants for summer study reward and mathematics departments.

Sister Mary Marguerite Christine, chemistry department chairman, received a post-doctoral research participation grant for eight weeks in the chemistry department of Indiana University in Bloomington this summer.

Tufts College in Medford, Mass., has given Sister Mary Carolanne a National Science Foundation Sister Mary Xavier, BVM. Sister grant for an institute in chemistry

> Biology department chairman Sister Mary Ann Pauline has received a National Science Foundation grant for a summer Institute in radiation biology at the University of Michigan at Ann Arbor.

Sister Mary Vera, mathematics Kathleen Tomko, Joyce Fuller, for College Teachers of Mathefield, Minn., in August.

Afternoon sunshine and throngs of Dubuquers spelled a successful Open House Sunday.

Following the University Civic Symphony concert in Terence Donaghoe hall, hostesses led guests on tours of the campus. Maureen Dunphy's art exhibition, which included oils of local scenes, and Sister Mary Carmelle's potter's wheel, on which she shaped 20 ceramic pieces, were campus highlights.

International students sold egg rolls, meat balls, hot dogs and other specialties at the popular Foreign Foods Bazaar.

Guests then attended 30-minute classes.

Climaxing the afternoon, a folk festival played to a large audience seated on the terraced slope facing the cafeteria lobby.

CLASSES: Above, Christopher Merritt, listens in the language lab. TOURS: At right, the James Adams family visit with Sister Mary St. Rose, dean of studies.

FOREIGN FOOD BAZAAR: Far right, Allison Wong of Hong Kong serves Spanish candy to Mr. Don Leopold, Clarke publicity committee chairman.

### Make Mine Missions Summer Service

• Mary Breslin receives her assignment to St. Joseph's parish, Salida, Colo., from Sister Mary Eugenio as Father Herard and Tony Wobeter look on.

Sister Mary Ann Michele tells Joni Hillis, Louise Mitchell and Anne Keays about lesson plans. Joni and Anne will serve in Salida, Louise in Okla-

Donna Boyle talks about her assignment to St. Peter's in Gunnson, Colo., with Father Herard, Father Pitzen and Steve St. Hilare Other mission assignments are: St. Leander's, Pueblo-Margaret Kammes, Jo Dell Ash and Mary Vizard; Gunnison-Joan Easley; Salida-Ann Donahue.

### Congress Reaps Renewal

The adage that you make a thing your own only when you assimilate it proved true for delegates to the April CSA Congress. Three days of mulling over recommendations brought about a deep appreciation of student government, a gratifying maturity of attitude and sense of responsibility.

Cohesive to the new awareness is a rapport between faculty and students,

springing from fruitful discussions.

This spirit of renewal is one of the intangible results of the Congress. Structural improvement, liberalization and simplification are the tangible achieve-

 One of the major changes in the CSA setup affects the organization of NFCCS. An external affairs committee of the CSA directly under L-Board will channel information and activities from NF and other sources to club presidents for their possible use.

Goal of the change is increased student awareness and a vital exchange of ideas between schools. Resolutions of NF will be enacted by the entire student body at CSA meetings to insure fuller student participation.

 A fine arts club open to all students answers Clarke's call for an organization with broader interests than the present art and music clubs. Probable contribution of the club to Clarke life will be the sponsorship of art films.

 Friendships between on- and off-campus Clarkites received a boost in a recommendation presented by the city student subcommittee. Next year resident students may spend weekends with Dubuque girls. ("City" students will be known as "off-campus" students in the handbook.)

Delegates to the CSA Congress red pencilled their way through scores of handbook paragraphs in resolutions aimed at simplifying and clarifying the text which one student termed a legal maze.

Elimination of sign-out lists for meals, extended permissions and the deletion of card playing restrictions are welcome revisions. Students are convinced that liberalizing regulations is a step forward in the ultimate aim of student government-increasing individual responsibility.

Popular also are the changes initiated by the committee on spiritual and cultural affairs. Accenting the positive, the Congress made weekly Holy Hour a privilege and replaced caps and gowns with hats for Sunday Mass. The drinking prohibition, approved by the delegates, was removed from the handbook section on college standards and restated under general campus order.

Faculty and observers of the Congress expressed admiration for the untiring and serious efforts of delegates. No change was made without much

thought to consequences for the student body.

Adopting the college policy of furthering Clarke's spiritual, intellectual and cultural goals as its own, the '63 Congress aimed to fashion a more functional student government. Obviously, this was a challenge the delegates met well.

"There's so much we can do," seems to be both challenge and reward for 12 Clarke students who form the college's second group of lay volunteers for summer missionary activity in Colorado, Oklahoma and Illinois.

Last year Clarke's pioneer group included sophomores Joan Easley, Margaret Kammes, Jo Dell Ash and Mary Vizard who went to Colorado expecting to live on the side of a mountain while teaching Indians. They were surprised to find Pueblo a modern city with only one Indian family, hardly distinguishable from people of Mexican and Spanish descent. All four girls have volunteered for a second apostolic summer. "It's really great!" they say.

Also joining them in Colorado this year are Mary Breslin, Donna Boyle, Joni Hillis and Anne Keays, freshmen; and Ann Donahue, sophomore.

Working in parishes, the girls will do census work and teach classes, preparing children for the sacraments.

Presently undergoing a training program as preparation for the summer work, the girls have studied "Liturgy and Spirituality," "Leadership," "The Apostolate," "Catechetics," and "Orientation: Practical Points Concerning the Colorado Missions."

Comparing this year's program with last year's, Jo Dell Ash feels that this training is better because "it's not hurried. The courses are more spread out."

With an emphasis on methods, the girls are learning how to teach. Under the direction of Clarke theology instructors Sister Mary Eugenio and Sister Mary Ann Michele, the girls began preparing for specific classes after receiving individual summer assignments at the last meeting, April 26.

Three other freshmen taking the training course plan to apply it in their

### **CSA** Initiates Council: 'Impetus To Spiritual Life'

"The approach is positive, the body unique. I believe that this Council could be the most exciting result of the 1963 CSA Congress."

This vigorous support of the new Religious Affairs Council was voiced by senior Patricia Coe, chairman of the Congress's Spiritual, Cultural, Intellectual Life Committee which recommended the Council's establishment.

According to the recommendation, passed by all Congress delegates, the Council will begin operation in the fall of 1963, and will consist of one member from each class, elected by classmates from a list of volunteers.

"To motivate, to coordinate, to stimulate" are the purposes of the Council, Patricia stated.

"Since certain spiritual activities, such as Holy Hour, have been made optional by the Congress," she declared, "we felt that some positive motivating force would be desirable. This would remind students of existing spiritual opportunities and also explain liturgical changes on campus."

In coordinating campus religious activities, the Council will act on religious information channeled to it by the External Affairs Committee, as well as pertinent items received by the CSA and Administration. It could also publicize such Churchwide observances as Catholic Youth Week and Catholic Press Month.

Accentuating the value of participation in the lay apostolate, the Council could conduct informative panels or discussions, explaining the work of students at the Retarded Children's Center and in Colorado missions during the summer.

"Right now," Patricia said, "we feel that there is a lack of awareness of the importance of religious activities in our lives. This Council will be an impetus to the spiritual growth of Clarke students." -Margo Hayes

home areas. Louise Mitchell will do missionary work in Oklahoma and Kristi Allen in Chicago. As a Chicago nurse's aid, Rae Eckel will use the experience in her work there.

Assisting Sister Mary Eugenio in training and placing summer mission. aries are Dubuque priests Father Joseph Herard and Father John Pitzin and Bishop Charles A. Buswell of the Diocese of Pueblo.

Through her work at St. Leander's in Pueblo last year, Margaret Kammes noticed a great dichotomy in the people's faith. Some children did not know pravers or even how to make the sign of the

"Others were devout in living their faith and participation in processions on such feasts as Corpus Christi was impressive," she added.

Joan Easley stressed the need for this work. "In Las Animas, 50% of the Catholics know nothing of their faith. There is so much we can do!"

### Governor Voices Problems, Plans

'My biggest disappointment in the Legislature is that more of them aren't Democrats," quipped Harold Hughes at a recent press conference at the University of Du-

The Iowa Governor and U.S. Senator Jack Miller were guests at the Universitysponsored Political Emphasis Week.

The minority-party Governor stressed that most of the bills with which he is crucially concerned are still alive in the Republican legislature.

During his day in Dubuque, the Governor was in constant contact with key legislative leaders in Des Moines. Since the session is drawing to a close, it is a vital time for bills pending. Hughes specifically mentioned liquor-by-the-drink, the tax bill and a fair employment practices act.

The Governor predicted that tight liquor legislation will pass by a one- or two-vote

majority.

"I don't have a price that cheap that I'd go along with any liquor bill," Hughes said. "The issue stands on its own merits." But, the Governor added, he has seen

no bill which he couldn't sign. Does the Governor think there is too much special interest legislation?

"Yes," Hughes declared. "Some of it is necessary, especially class or umbrella legislation. But some whistles through in 24 hours while important issues like capital punishment and fair employment seem to be holed up in committee session or somebody's desk."

Hughes stated that it was too early to announce plans for seeking the gubernatorial chair again. But he did state that he had certain principles he wouldn't violate even if it cost him re-election. Among these is accepting excessive social and ceremonial engagements.

"I expect to spend time with my wife and children," Hughes said. "Every mai is entitled to a certain amount of privacy."

The Governor estimated that for every invitation he accepts, he turns down four

"Then I invariably get a letter saying that the Governor has appeared at this function every year for 20 years," Hughes laughed

Although the Governor doesn't expect action on it, he advocates a "change-ofreins" program between election and assuming office. Immediately after his inauguration, the Governor is faced with a multitude of duties — appointments, budget, etc. But he has no staff.

"Empty files and ashes are the only things the new governor finds when he takes over the office," Hughes said. "Each governor burns everything behind him.

Hughes emphasized that an interim staff wouldn't benefit him.

Can the powers of his office be strength ened without a constitutional convention?

"No," said Hughes. "But I think the office has more power as it stands than has been exhibited by past governors. I think we can get more than we have out of the governor."

Elaine Williams, juniors. Junior liver part of their paper on the Carol Bielat designed the cover for the programs.

#### Music Maids Sing Spring For Dubuque

Singing through spring, music department members are entertaining at various meetings around Dubuque.

On Tuesday, May 7, Nancy Kaspari will sing at the commencement banquet for Hazel Green High school. Also on the program, freshman Mollie Morgan will do pantomime.

Beta Sigma Phi, an international cultural and social sorority, heard the Clarkettes at their general meeting Apr. 24. Wanjiko Gichoki from Kenya spoke about the customs of her country and sang some of its popular folk songs.

Adding a musical note to the Kick-off Dinner for the Dubuque Clarke College Development Program Campaign Apr. 23 were Nancy Kaspari and Victoria Beswick. Nancy sang folk songs, while Victoria presented musical comedy highlights.

Here at Clarke, the Cecilian Circle presented a demonstration -discussion of "Music for Weddings" at its recent meeting. Members of the Schola and Freshman Chorus and organists from the music department performed appropriate songs. Mary Weimer was in charge of the meeting.

#### Chemists Concoct Research Resumes

Senior chemistry majors will present resumes of their research theses in the MFCH Activity Room,

Milly Lo will present her paper

Patricia Redmond will talk about 'Electrokinetic Behavior of Col-Student chairmen for Primavera loids," while Patricia Lewandowski are Patricia Connelly and and Elizabeth Heiburger each de-"Determination of Rate of Hydrolysis of Casein."

### Getting To Know Japan ...

### Sister Recalls Busy Year in Orient

"I learned much more than I taught," claims Sister Mary Dorita, BVM, of the history department, who returned to Clarke last month after spending nearly a year teaching and studying in the Far East. Sister will share her travels with the student body May 8 when she will describe "Student Life in the Far East," at 7 p.m. in TDH.

'Students are serious'

"Japanese students are very serious," Sister said in an interview. "They do far more work than the teachers assign." While she was in Japan, Sister taught American intellectual history, American literature and several classes of English conversation at Nanzan University, Nagoya.

'not enough schools'

She taught in English and students took exams and notes in English. "There are not enough schools in Japan," Sister explained, "so competitive exams are necessary on all levels from junior high to university."

Sister Mary Dorita arrived in Japan in September, the beginning of the second semester of the Japanese school year which begins in April. She lived with a native Japanese community of sisters, the wear habits.

Dubuque-Jerrold TV Cable Corporation

### Bicycle Built for You . . .

### Cyclic Spirit Catches Clarke

Find a wheel and it goes round, round, round . . . Find two, add two handlebars, two seats, two people and unlimited energy, and they go anywhere on Clarke's newest addition to springtime sports, the Tandem bicycle, loaned to the athletically inclined by junior Elaine Williams.

Playing "Daisy" for a day can be simple, thanks to such modern cyclic luxuries as matching wheels, rubber tires, pedals and brakes. After all, if the development of the bicycle were a hundred years slow, today's sports-minded Clarkite would be perched on the wooden-wheeled, crank-operated Boneshaker which captured the fancy of the 1865 Paris Exhibition.

But the Boneshaker was quickly jostled out of its position of popularity by the Kangaroo, an acrobat's paradise with one wheel over five feet in diameter, the other less than one foot. Daring riders perched above the large wheel.

By the time it had traveled to America, though, the bicycle had returned to its present shape and included attachments like pneumatic tires, suspension wheels, shaft drive and speed transmission. Brakes were also introduced at this time.

Every story has its hero, and famous travelers who started out on bikes included Henry Ford, Glenn Olds, and Wilbur and Orville Wright. But the prize for supreme devotion to the cause must awarded to free-wheeling Scotsman Kirkpatrick Mac-Millan, arrested in 1840 when he had attached foot pedals to his "Hobby Horse."

President Kennedy may endorse 50-mile hikes, but that Ike liked bikes is beyond dispute. He urged children to "ride bikes more," and Dr. Paul Dudley White, his physician, stated, "I would like to put everybody on bikes." And President Kennedy's Council on Youth Fitness suggested bike-riding to supplement physical education programs.

In honor of the first Tandembike ride, what could be better than a fresh-from-the-bike-shop copy of "America's All Time Ten Best Bike Games," complete with riding tips, the 12 basic rules of the road and an inspection chart?

sweet upon the seat of a bicycle fill out a form listing the various built for two."

BIG WHEELS on campus are tried out by Suzanne Mammoser (I.) and Joyce Lyerly.

#### Schools Lure Future Teachers

Junior education minors have been assigned by Sister Mary Teresa Francis, BVM, and Miss Grace Ryan to public schools to fulfill their September experience requirement.

Schools as near as Iowa and Illinois and as far as Arizona, Georgia, South Carolina and Washington will provide the future student teachers with opportunities for learning acceptable school practices and for becoming acquainted with the total school program.

A new addition to pre-student teaching, the September experience involves spending two weeks in an elementary or secondary With such good sportsmanship school before the beginning of as this, no date could soft-pedal classes here in the fall. The stuhis reaction that "You'll look dent teacher and her principal will types of experiences and total -Margo Hayes hours of participation.

### Season Brings Travel, Meets

Making the most of spring travel weather, Clarke faculty and students attend local and national meetings.

Sister Mary Martinita, sociology department chairman, attended the spring meeting of the Iowa Sociological association, Apr. 25, at the University of Iowa, when Dorothy Kelleher read her senior research paper on "The Domestic Migrant Farm Laborer in America." Ann Porter, another sociology major, discussed a paper read by a student from Coe College at the same meeting.

Chairman of the department of classical languages, Sister Mary Joseph Aloysius attended the Apr. 18-20 meeting of the Classical Association of the Middle West and South at the Palmer House, Chi-

Patricia Lewandowski, class pres. ident, placed the tiara crown on Maureen's head and presented her with long-stemmed roses. Maureen was elected in an all-school vote from five nominees of the senior

Members of the queen's court were Ellyn Mueller, Patricia Knight, Judith Heitzman and Mary Freiburger.

Music for the dance was provid. ed by the bermuda-clad Marinotes, 17-piece band from St. Mary's Col. lege, Winona, Minn.

#### Clarkites to Pack Lunches, Parks With Picnic Fun

Pack a lunch and head for the park-it's picnic time.

Clarke and Loras art clubs will spend a day in Galena, sketching, watercoloring and picnicking. The water color party is set for Satur. day, May 11.

City student picnickers will rally May 12 at Swiss Valley for their spring outing. Under the chairmanship of Janet Schlegel, a picnic dinner will be served from 1 to 5 p.m., interspersed by baseball games.

Susan Shuhert and Ann Leute are assisting Janet with the final preparations.

Senior biology and chemistry majors will be feted at the annual Science Forum picnic at Eagle Point Park on May 14.

Chairmen for the event are and Judith McKevitt.

### Alumna Earns Grant Renewal Of Paris Fulbright Fellowship

Joining Clarke alumnae who make headlines, Mary Brigid Powers, '60, has received a renewal of her Fulbright grant for graduate study in France. This will enable her to continue work on "The Image of France in The Ambassadors of Henry James," the hon- be an interpreter at the Parfumors project she presented here.

Mary Brigid is also the recipient center of France. of a Fulbright teaching fellowship in American literature at the Institut Catholique in Paris where she will instruct those preparing Undergraduate Science Conference for the "license," a degree inter-Spring Symposium took place Apr. mediate between the A.B. and M.A.

Only about one-sixth of Fulbright grants are renewed. For the 150 Participants were Shirley students on Fulbrights, there are Maloney with her paper on the 14 positions as teaching fellows

Currently Mary Brigid is at the Universite d'Aix-Marseilles in Provence, working for her doctorate. D-Glucose," Melva Wagner with a The Universite, second oldest paper on the "Respiratory Activity school in France, was founded in

After graduation from Clarke, on the "Influences of Wavelengths Mary spent eight weeks at Laval University in Quebec, six weeks on a scholarship from Laval, and Approximately 40 members of the two following weeks as one Second Class postage paid at Dubuque, Iowa. \$2.00 per year. Published semi-monthly during the college year, except Christmas and Easter vacations, retreat and examination periods by the students of Clarke College.

The following year she spent at the School of Foreign Service on a scholarship from the Georgetown University, Washington, D.C. Her scholarship was renewed for the second year.

This summer Mary Brigid will erie Fragonard in Gresse, perfume

Mary Brigid, whose home is in East Dubuque, received the Mary Agnes O'Connor award as a senior
